JE SUIS CHARLIE

A note from the editor

As we mourn the writers and cartoonist from Charlie Hedbo, the policemen and the hostages who were recently murdered in Paris we also want to vilify the people who committed the atrocity. But instead of using words like Islamist or Muslim you should replace it with the broader term "extremist". It's an important distinction, which every religion has. To tar 20% of the worlds population with the same brush because of the actions of a crazy few is in itself crazy. Is religion to blame? It is certainly not blameless and the history of the world bears this out from the crusades, the dark ages, the inquisition to child molesting Catholic priests.

We also want to stand up for the freedom of speech, which we enjoy in many western countries. To those who say we shouldn't antagonize certain groups of people with mockery and satire do not understand why the speech is free. If nobody ever pointed out what was wrong or stupid with something then you would just be censoring everything.

So on a lighter note if your crazy drunken seasonaire shit appears in this paper you should have probably a) not done it in front of all your gossipy co-workers b) not bragged about it afterwards to all your co-workers.

THE SURGEON GENERAL WARNS

Doing ski seasons can be highly addictive, can seriously damage your sanity, result in a general lack of sleep, makes your arse bigger, increase the chances of getting a blow job in the skidoo hut outside Kudeta and waking up next to a complete stranger.

All stories contained within are purely fictional and shouldn't be taken seriously.

Anyone found taking anything too seriously should be held down, given alcohol and violated with the handle of a ski pole.

ASK THE SNOW BEAR and watch as this grizzly figuratively
sucks the head off a salmon

As we mourn the absence of last seasons snow cougar it's out
the with provocative pussy and in with 2 tonnes of unqualified
furry advice

Dear Snow Bear,

Its my first season and I'm having the time of my life !
Well until one Tuesday night after leaving the bubble bar with my dream lady ...
She is beautiful she is older/a milf
She is also my Manager !!!
So we left the bubble heading towards french kiss when we stopped just beside le
poubelle (the bin for you non french speakers)
And As any gentleman I proceeded to tit her up on that cold December night ... but i got
too eager and went to slip her a cheeky digit ... aka the finger bang !
When to my surprise she pushed me away I was devastated?!
So snow bear either a 30 something woman doesn't like the pony being fed outdoors or
there's something else down there ?
She hasn't spoke to me since ?!
And Its quiet awkward!

Snow bear please help

Yours hopefully
18 year old 1650

Dear eighteen,

Ok firstly i think its the probably not the latter why she pushed you away .. A a more
mature lady she probably didn't vision her night ending up being fingered by a bin just
before christmas ... and even calling it by its french name doesn't make it any more
romantic !

So

My advice is to apologies to the good lady and cut your losses and next time an older lady
takes you fancy , take he to dinner and try not to get to 3rd base on the way !

Keep it sexy
The Bear ...

THIS SHIT IS CRAY CRAY

Don't worry your eyes are deceiving you. Seen in *Endless winter* this isn't some joke resulting in a salvaged smashed snowboard. This Dual Snowboards delivers a unique twist to the world of snowboarding by cutting the traditional snowboard in half along the waist, giving you a board for each foot. With this simple move that effectively sees a lunch-tray-like board strapped to each foot, the company says riders get more freedom to move and conceptualize new tricks like ninja-like flip-n-kicks, but they'll also be able to pull off Gore-Tex-ripping splits, nut-demolishing pole wraps and devastating banana-peel falls. Proceed with care.

It turns out Toby (Whitestorm) has quite a thing for the ladies, especially if their name is Emily. His girlfriend from last season (Emily No.1) recently came to visit just after Toby's short dalliance with Emily no 2. I guess it makes it less likely he will shout out the wrong name in bed.

PUNTER STORIES BY DEEP POWDER*

There is a lot of time for thinking on a season- not all our work is mentally taxing. Whilst getting really stuck in to a bit of hoovering or perhaps unblocking a particularly disgusting sink I like to ponder the big questions in life. Why do we dream? Are we alone in the universe? Is time-travel possible? But the biggest question of all, the one that blows my mind time and time again, is; why do respectable men and women become morons when they go on holiday?

I imagine (and they brag about it) that these men and women are, for the most part, well educated professionals. In Britain they are the people tasked with performing open-heart-surgery, trusted (barely) with our bank accounts and left to run companies upon which the whole economy depends. Yet once they check in at their departure airport they becoming dribbling wrecks in desperate need of sustenance and support.

I swear to God I once saw a gentleman pouring water all over the floor when trying to make himself a cup of tea. He called the chalet girl over and said "this mug is broken". She smiled, took the mug from his hand, turned it the right way up, gave it back to him and said "try

This is by no means an isolated incident. The number of times the handyman has been called out for bedside lamps that are not plugged into the socket. Yes you are in a new country, yes wireless charging has been invented, no we don't have the same technology with our f***ing light fixtures which you know because you unplugged the lamp in the first f***ing place you f**ing f***wit.

So do remember this when you have a guest crying or screaming at you. They can't help it. They have regressed to the mental age of a child about to start primary school and should be treated thus. Smile sweetly at them and if it gets really bad you could always use their toothbrush to eradicate those hard to remove stains...

Carl Donnelly
Carl's conversational style and silly sense of humour have seen him win a host of awards and become a regular act and MC at clubs all over the country (and the world having also performed in France, Germany, Singapore, The Netherlands, Oman, Dubai, China, Thailand, Ireland and probably some others he has forgotten about!).
You might also recognise Carl's Napoleon Dynamite-esque face from television. He's recently starred in 'The Comedy Store Live', 'Grouchy Young Men' and 'Russell Howard's Good News'.

Chris Martin
Chris has done some cool things over the last couple of years that you may or may not care about. He's supported Jack Whitehall (2011), Russell Kane (2012) & Milton Jones on his full tour for 2013.
He's performed a sold out run at Edinburgh Festival in 2011 for his show "Chris Martin: No, Not That One" and Chris is doing his first solo tour in the spring of 2014.
